

## REMARKS

Claims 1, 4-8 and 23-46 are allowed.

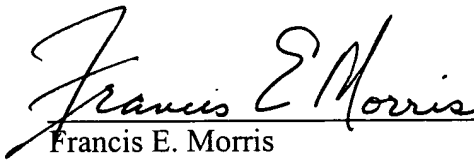

This amendment is made to amend dependent claims 40 and 41 which were drawn to a device so that they are drawn to a method. This amendment makes claims 40 and 41 consistent with method claim 39 on which they depend.

Since method claim 39 has already been allowed, no new issue of patentability is presented by this amendment. And since this amendment corrects an obvious error in claims 40 and 41, it is respectfully submitted that the amendment should be entered.

No fee is believed due for filing this response. However, if a fee is due, please charge such fee to Morgan, Lewis & Bockius LLP, Deposit Account No. 50-0310.

Respectfully submitted,
